Sir:

In response to the Notice to Comply mailed March 26, 2004, the Applicant states that the computer readable form (CRF) of the Sequence Listing filed on September 15, 2003, file "2003-09-11 2815-0236P.ST25", is identical to the paper copy filed on September 15, 2003 for the above-mentioned application, except that it lacks formatting. In no way does the CRF add new matter to the application.

Respectfully submitted,
